#### WHO ARE WE?

Exlent Accountancy & Financial Services N.V. (Exlent)  
An enthusiastic team of Certified chartered accountants, Business economics & accounting professionals, with local and international experience. Our culture is clear: welcoming and professional. We create an enabling working environment that leads to Exlent results.

#### YOU ARE IMPORTANT

After getting to know your business, we also like to get to know your people. As experts we know what we are doing, but for us it is more important that you know and understand what we are doing. We believe in building sustainable partnerships with all our clients, in which continued growth and collaboration are key aspects. At each level of our assignment, we stimulate and applaud participation of our client counterparts.

#### WHAT CAN WE DO FOR YOU?

There was a time when knowing your gross revenue and net profit was enough. Times have changed! Knowledge within areas of expertise such as IFRS, COSO, ERM, Risk Mitigation Strategy, Risk appetite are becoming equally important for achieving and maintaining a successful organization.

The ever-increasing amount of guidelines, rules, regulations and best practices, place an extra demand on organizations. Knowing what is suitable and necessary for your company, while remaining in compliance with rules and regulations and efficiently managing the costs of implementation, can become a puzzling task. With extensive national and international experience in accounting, control, business and risk management, Exlent is prepared and equipped to navigate your company in this dynamic environment and make sure that the job gets done.
