YOU PATCH UP!**

Make sure you get the best results

**1**

These eye masks are best used before applying any skincare or makeup.

**2**

Place the eye masks in the fridge for an extra soothing effect, but don't put it in the freezer.

**3**

The side that of the eye masks that goes on your face is the side that is directly soaked in the serum.

**4**

The physical effect will take a 4-6 days to show up on your eyes.

**5**

Recommended to use 3 to 4 times a week, preferably in the morning.

**6**

Patch these eye masks only on dry and clean skin.

**7**

be sure to let them sit for a couple of minutes before carrying on with your tasks.
