Q 3. What is Dematerialisation and what are its benefits?

Dematerialisation is the process by which a client can get physical certificates converted into electronic balances.

An investor intending to dematerialise its securities needs to have an account with a Depository Participants (DP). The client has to deface and surrender the certificates registered in its name to the DP. After intimating NSDL electronically, the DP sends the securities to the concerned Issuer/ R&T agent.

Few benefits are as follows –

1. The risks pertaining to physical certificates like loss, theft, forgery and damage are eliminated completely with a DEMAT account.
2. The lack of paperwork enables quicker transactions and higher efficiency in trading.
3. Trading has become more convenient as one can trade through computers at any location, without the need of visiting a broker.
4. The shares that are created through mergers and consolidation of companies are credited automatically in the DEMAT account.
5. As all the transactions occur through the depository participant, a trader does not need to communicate individually with each and every company.
6. There is no need for stamp duty for transfer of securities; this brings down the cost of transaction significantly.

7. No odd lot problem, even one share can be sold
8. Easy Nomination facility

Q 4. How to demat shares?

First, please open an account with a Depository Participant (DP) and obtain a unique Client ID number. Thereafter, kindly fill up a Dematerialisation Request Form (DRF) provided by the DP and surrender the physical shares intended to be dematted to the DP.

Upon receipt of the shares and the DRF, the DP will send electronic requests through the Depository to the Registrar; for confirmation of demat. Each request will bear a unique transaction number.

Simultaneously, the DP will surrender the DRF and the shares to the Registrar with a covering letter requesting the Registrar to confirm the demat. After verifying the documents received from the DP, the Company/Registrar will confirm the demat to the Depository. This confirmation will be passed on from the Depository to the DP, which holds your account.

After receiving this confirmation from the Depository, the DP will credit the account with the dematerialized shares. The DP will then hold the shares in the dematerialized form on your behalf and you become the beneficial owner of these dematerialized shares.

On other hand if the Registrar rejects the said request then as per the prevailing norms an intimation will be send electronically and hardcopy of the documents will be returned by registered post. Along with a covering letter to the respective DP wherein the grounds for rejection is clearly mentioned.

Q 5. How to make a nomination with regard to one's shareholding?

Nomination Form is available on the website of the RTA at <http://www.cbmsl.com/public/uploads/services/pdf/Nomination%20Form%20no.SH13%20%20New.pdf>

A duplicate copy of the nomination form submitted by you will then be returned to you with an endorsement indicating the registration number and date.

Q19: What is the special six-month window for re-lodging physical share transfer requests originally submitted before April 1, 2019, but were rejected, returned, or left unprocessed due to documentation or procedural issues?

As per SEBI's circular dated July 2, 2025, a special six-month window has been introduced for investors to re-submit transfer deeds for physical shares. This applies to cases where the original requests were made before April 1, 2019, but were not processed due to incomplete documentation or other procedural shortcomings.

This re-lodgement window will be open from July 7, 2025, to January 6, 2026. It specifically covers transfer requests that were submitted prior to April 1, 2019, and were either rejected, returned, or left pending due to document-related issues.

Since the physical transfer of securities was discontinued from April 1, 2019, SEBI had previously allowed re-lodgement until March 31, 2021. The current extension follows renewed appeals from investors, listed companies, and Registrar and Transfer Agents (RTAs), citing missed deadlines.

All shares re-lodged during this period will be transferred only in dematerialized form.
